About Us...

Shaleen Group is a business enterprise in central India involved in manufacturing of agricultural commodities and Industrial minerals since last 35 years. 'Shaleen Overseas' is the flagship unit of the Sanjay Traders Group. The group is headed by Mr. Dinesh Khandelwal; the group was established in 1975 with the first business concern of the group "SANJAY TRADERS".

Shaleen Overseas has ensured continuity in the production and supply of quality products at competitive prices. Continuous investment in production facility and continued expansion in product range has made us dominant Manufacturer and Exporter.

We are engaged in Import, Export and indenting of all kinds of Pulses, Rice and Industrial Minerals. We have pulse processing plants & mines in India. Our exemplary knowledge and well established reputation in the industry is a result of our dedicated and combined efforts of our manufacturing facility. All activities relating to selecting, extracting and processing takes place in-house with the help of sophisticated equipment and machinery. Our production facility is regularly improved and monitored to incorporate modification in the production process of various products. Besides, the process takes place under the supervision of technical staff who work together to meet the individual and continuously changing needs of clients and market. We are government recognized star export house.

We are continuous in planning to gear up the capacity of manufacturing of pulses and other Agri-Products, and planning to expand the business across the globe by establishing new manufacturing units, expansion of existing capacity and establishment of overseas corporate offices in gulf countries, Europe and African countries.
